

## PRODUCT SUMMARY

Longevity liquid capsules are a daily essential oil supplement with a proprietary blend of antioxidants formulated to help prevent oxidation from free-radicals that may come from the damaging effects of our modern lifestyle.

Longevity liquid capsules contain a powerful blend of Thyme, Orange, Clove, and Frankincense. The liquid capsule formulation makes it simple to take the essential oils internally by eliminating the hassles of measuring, mixing, and aftertaste.

## FORMULATED WITH

Thyme, Orange, Clove, and Frankincense essential oils

## EXPERIENCE

Longevity comes in easy-to-swallow liquid capsules with a targeted release for maximum absorption and minimal aftertaste.

## PRODUCT BACKGROUND

Longevity liquid capsules were designed to bring the experience of Longevity essential oil blend to your nutritional routine, which may help protect the body from the stress of our modern lifestyle full of difficult commutes, late nights, and poor nutritional habits.

Longevity was formulated by D. Gary Young. The oils were specifically chosen for their antioxidant properties and should be taken daily to support a healthy lifestyle and to help prevent oxidative stress. Experience wellness from the inside out with Longevity.

## BENEFITS & FEATURES

- Longevity helps prevent oxidative stress from free radicals.
- The liquid capsules contain a proprietary blend of essential oils with antioxidants that help maintain cell integrity.
- Thyme essential oil helps protect DHA levels, a nutrient that supports brain function.
- Clove essential oil contains antioxidant properties and eugenol.
- Frankincense essential oil supports general health and well-being.
- Orange essential oil contains d-limonene and supports the immune system.

## STORAGE

Keep in a cool, dark place.

## OTHER INGREDIENTS

Virgin coconut (*Cocos nucifera*) oil  
Fractionated coconut (*Cocos nucifera*) oil

## FREQUENTLY ASKED QUESTIONS

**Q. Does freezing the Longevity capsules change the efficacy of the product?**

A. Freezing Longevity should not affect the potency or quality of the supplement; however, we caution against freezing, thawing, and refreezing the softgels.

**Q. To avoid swallowing pills, can the capsules be opened and taken that way?**

A. Longevity is manufactured to allow a special time release for optimal absorption. The capsule is essential to this process, so opening the capsules is not advised. However, we carry Longevity Vitality™ essential oil for dietary use and Longevity essential oil for aromatic and topical use to give you more usage options.

**Q. Has Longevity changed recently?**

A. We reformulated Longevity from softgels to Licaps®. The formula is the same, but the delivery system has changed and will look different.
