

## PRODUCT SUMMARY

Chances are, your pet lives for playtime. But when these adventures become a bit too rowdy, reach for PuriClean to help clean minor scrapes and scratches. Featuring the skin-improvement properties of Patchouli and Mountain Savory, PuriClean provides a natural way to comfort your pets' irritations and help get them back to their playful selves!

## KEY INGREDIENTS

Patchouli, Lavender, Mountain Savory, Palo Santo, and Citronella essential oils

## EXPERIENCE

When your animal has the occasional minor scrape or abrasion, PuriClean helps in cleaning and providing comfort to their sore spot.

## PRODUCT BACKGROUND

Despite our best efforts, somehow our furry friends are always getting into mischief. While PuriClean can be used on its own, this essential oil blend was initially developed as the first step in a three-part wellness system for your animal when their latest outdoor adventure gets a little too rambunctious. First, apply PuriClean to their scrape to cleanse the skin. Second, apply Insect Away to help support your pet's natural defense system. Finally, use Mendwell to support your pet's natural healing process.

PURICLEAN™

## BENEFITS & FEATURES

- Cleans and purifies the skin
- Helps clean minor scrapes and scratches
- Comforts minor skin irritations
- Helps with dry, flaky, irritated skin
- Supports the well-being of your pet

## SUGGESTED USE

- Apply 1-2 drops topically.
- Use an AromaGlide™ Roller Fitment to conveniently apply a generous amount.
- Put 8-10 drops in a 1-ounce spray bottle with distilled water for a quick skin-cleansing spritz.
- Carefully apply according to the size and species of animal.

## DIRECTIONS

Carefully apply according to the size and species of the animal. Additional dilution is recommended for smaller species.

## CAUTIONS

Take extra care when using any essential oils, especially those with citric ingredients, around cats. Specifically formulated for veterinary use. Keep out of reach of children. Store in a cool, dark place.

## INGREDIENTS

Caprylic/capric glycerides, *Pogostemon cablin*† (Patchouli) oil, *Lavandula angustifolia*† (Lavender) oil, *Satureja montana*† (Mountain Savory) oil, *Bursera graveolens*† (Palo santo) wood oil, *Cistus ladanifer*† (Cistus) oil, *Cymbopogon nardus*† (Citronella) oil, *Cymbopogon flexuosus*† (Lemongrass) oil, *Rosmarinus officinalis*† (Rosemary) leaf oil, *Melaleuca alternifolia*† (Tea tree) leaf oil, *Lavandula hybrida*† (Lavandin) oil, *Myrtus communis*† (Myrtle) oil

†100% pure, therapeutic-grade essential oil

## FREQUENTLY ASKED QUESTIONS

**Q. Tea Tree is toxic to animals. Why is it included in PuriClean?**

A. The safety of essential oil usage with animals largely depends on the size, species, and health of the animal, as well as the amount used and the quality of the essential oil. The Animal Scents essential oil blends, including PuriClean, are prediluted specifically for the sensitivity of animals. In addition, as Tea Tree is included as part of the blend, it is even lower in concentration. We have formulated the Animal Scents products to contain the best ingredients and appropriate amounts to ensure the health and safety of animals. However, if you have further concerns, we suggest speaking with a veterinarian.

**Q. How long can PuriClean be diffused?**

A. PuriClean can be diffused up to 1 hour 3 times daily.

**Q. How much does PuriClean need to be diluted before application?**

A. This product is prediluted specifically for animals. However, additional dilution may be required depending on the size and sensitivity of the animal. We do not have specific dilution ratios available, as this product was formulated for all animals, and each individual animal will have different levels of sensitivity. Start by diluting heavily and use in moderation. We also suggest testing the blend on a small area before wide-spread application. Every animal is different, so carefully observe how each animal responds to the oils.
