Rise Above essential oil blend, inspired by Young Living Founder D. Gary Young through Co-Founder and CEO Mary Young, features specific essential oils to help transform old thoughts that hold you back, so you can rise above to achieve your soul's true purpose. Valor is to empower and strengthen the spirit to encourage you to overcome personal challenges. Frankincense, Cedarwood, and Cardamom promote healthy beliefs to help you seek or attain your true potential. Dorado Azul contains the constituent 1,8 cineole. Bergamot, Lavender, and Cardamom are a balancing blend of essential oils that promote feelings of stability, clarity, and spirituality; they open us up to new ways of being able to flow with the universal energy that surrounds each one of us. The benefits of the essential oils go beyond the spectrum of measurement of their constituent profile. They open the heart, the mind, and the soul to be able to move from the past to the future. It's time to rise above with intention, with affirmations, and with vocal decrees to put into motion that which you desire. Visualize your reality with words and thoughts to create a spiritual harmony that will be sensed by the heart and soul.
